Using this booklet

Please read this **policy** booklet with your schedule to make sure that you are satisfied with your insurance. If you have any questions please contact your Insurance Agent.

Certain words and phrases have a defined meaning. You can find the meanings of these defined terms on pages 10 – 13.

We have included some explanatory notes in your **policy** booklet. These are printed in *italics*.

You will find the following headings on many pages.

✓ What is covered

These sections give detailed information on the insurance provided and should be read, at all times, with 'What is not covered'.

X What is not covered

These sections tell you what is not included in your **policy**.

Your policy

Thank you for choosing AXA Insurance UK plc.

This **policy** describes the insurance cover provided during the period of insurance as shown in your schedule which you have paid for, or have agreed to pay for, and for which we have accepted the premium.

The contract between you and us is made up of this **policy** booklet, the schedule and any **endorsements** shown in the schedule.

Important information

Please read this **policy** booklet with your schedule to make sure that you are satisfied with your insurance. If you have any questions please contact your Insurance Agent.

Please also take some time to read our complaints procedure in the Making a complaint section on page 50.

The law which applies to this policy

You and we can choose the law which applies to this **policy**. We propose that the Law of England and Wales apply. Unless we and you agree otherwise the Law of England and Wales will apply to this **policy**.

Checking for changes to your cover

If you have varied the basic terms of your **policy** with us, this will be stated on your schedule.

In addition we may apply **endorsements** that can include things like a requirement to have a burglar alarm fitted, a certain type of lock on your doors, a larger **policy excess** on a specific section or an increased limit for one of your **valuable** items.

Important information

Our AXA Extra Home Insurance policy is designed to protect you against the risk of things happening suddenly which you could not have expected such as fire, theft, flood and storm. It is not designed to protect you against losses that arise due to the gradual deterioration or poor maintenance of your home.

We want to ensure that you are fully aware of the extent of your cover, and would therefore urge you to read this policy in full along with the policy schedule. We have also taken this opportunity to bring some helpful information to your attention.

This section does not form part of your policy and contains only examples of what is contained in your booklet.

Gradual damage, Deterioration and Wear and tear

Damage caused gradually, by wear and tear or a lack of maintenance is often known as a 'gradually operating cause' exclusion in a home insurance policy. This means that you wouldn't be covered to make a claim for damage that's caused by one of the above reasons.

This includes items which have suffered mechanical or electrical break-down, or which have suffered inevitable failure due to general wear and tear from normal everyday use e.g., if you had a washing machine that had stopped working due to general wear and tear, you wouldn't be able to claim for this. Items still under warranty may be covered for repair or replacement by the Manufacturer or warranty insurer.

AXA, along with most other insurers require homeowners to keep their property well maintained and won't cover

you for the cost of routine maintenance of your home or possessions, or damage that happens gradually over a period of time or by wear and tear, which may only be highlighted or made worse by weather events.

Accidental damage

Insurance providers will usually explain to you what they mean by 'Accidental damage' most will tell you it's there to protect you from damage that occurs suddenly, as a result of an unexpected and non-deliberate external action, caused by you or someone else.

For AXA's definition see our Meanings of defined words section on page 10. Our AXA Extra product provides some accidental damage cover automatically, which means if contents cover is selected, you will be covered for accidental damage to items such as entertainment equipment, mirrors, fixed glass and glass tops of furniture.

If Buildings cover is selected then you will be covered for accidental damage to pipes, cables, sanitary ware and fixed glass in windows, doors, and fanlights.

Additional accidental damage can be added to your contents cover and/or buildings cover at any time.

So, to protect your contents and belongings for incidents such as spilling wine on the couch or an iron burn to a table, you would need 'Contents Accidental Damage' cover.

To protect your buildings and any part of the structure of your home, including fixtures and fittings, from damage such as putting your foot through the ceiling, you would need 'Buildings accidental damage' cover.

Important information

Collision

If someone crashes into your wall or your house make sure you record their name, address, vehicle registration and contact details. We will need this information to help us try to recover your excess.

Subsidence

Damage caused by subsidence is the result of ground movement affecting your property. The most common signs of this are diagonal cracks away from door and window frames. New properties will often move for reasons other than subsidence and this natural settlement is not covered.

Subsidence and other types of ground movement can be difficult and complex to repair. It is important that you tell us as soon as possible if you think your home may be affected.

Escape of water

Your cover for escape of water is designed to cover damage to your property caused by water leaks.

It's always a good idea to get your boiler checked and/or serviced by a Gas Safe/Otec/Hetas certified engineer, depending on your heating system, in plenty of time for winter. This will help prevent boiler failure which could leave you with no heating and/or hot water.

One of the biggest risks of water damage occurs when you are away during the winter where pipes can freeze and burst causing large amounts of damage. It is important that you take steps to avoid this by keeping your central heating on low so your pipes do not freeze over. If you want

to turn your heating off then you should drain your central heating system and switch off the water at the mains.

Please be aware that cover for escape of water ceases after the home has been unoccupied for more than 30 days.

In addition, damage can occur due to water leaks caused when the sealant or grout around your bath or shower has worn away or failed. It is important to inspect and maintain your property as damage of this nature is not covered by the policy.

Pipes often burst because they have worn out; if this happens you should turn off the main stop tap and contact a plumber. We will be able to pay for the damage the water caused but not to repair the pipe itself.

Fires

A large percentage of fires start in the kitchen, and are caused by faulty electrical appliances or unattended cooking pans and equipment – particularly chip pans. In addition candles, cigarettes, electric blankets and overloaded plug sockets cause a significant fire risk.

Always purchase electrical goods from a reputable supplier as branded goods sold via untraceable internet suppliers at much reduced prices may be counterfeit and/or may not be fitted with the appropriate safeguards against the risk of fire.

Please ensure you bear these risks in mind and take adequate precautions to protect yourself and your family.

Smoke alarms save many lives and significant damage every year. Please ensure that you have them fitted and check them regularly.

Important information

Fire risks associated with the lithium-ion batteries used in electric bikes and E-scooters are increasing as usage of these means of transport become more popular. Lithium-ion batteries pose a significant fire risk when damaged, over-charged or exposed to extreme temperatures,

Never:

- leave batteries unattended when they are charging, or overnight when you are sleeping in the property.

Always:

- charge them on a hard surface and make sure they don't overheat.
- unplug or disconnect from the battery once charging is complete.
- try to store them away from main living areas.
- follow manufacturer's guidance for replacement, repairs or disposal.

Floods

If water has or is expected to enter your property you should secure your home and move your valuables and essentials to an elevated place or upper floor.

You should also turn off all the utilities like power, water and gas supplies at their main source and disconnect all electrical appliances if possible.

If you know that you live in an area which is prone to flooding, there are additional steps you can take to protect your home and we would recommend contacting your local Environment Agency for further advice or call Floodline on 0345 988 1188.

Drains

Some drains which use defective materials such as pitch fibre in their construction are prone to wear out over time naturally. If this happens they will not be covered by your policy but there are more specific insurance policies available to protect you against this risk.

Storms

If you've looked after your home, then we would only expect to see damage caused by a period(s) of violent weather. Normal weather conditions should not cause damage to a well maintained property and damage of this nature is not covered by this policy. It is therefore important that you keep your property in a good state of repair. Areas that you should focus on include blocked or broken gutters or down-pipes, and loose or damaged roof tiles.

Some areas like flat roofs, fascia boards and boundary walls are difficult to inspect so if you cannot check them yourself you should use a relevant building expert to do this for you.

Thefts

Many thefts are committed by so called 'opportunistic' criminals. Your property is significantly more likely to be burgled if accessible entrances are not locked and secured. Your policy may carry an endorsement about the security you have in place to prevent thefts. This usually requires you to have certain types of door and window locks. Make sure you check your schedule to ensure you have the

Important information

right protection in place. If you fail to meet these requirements we may impose a higher excess for theft claims.

If you are going away do what you can to make your house appear occupied. Ask a neighbour to pick up the mail, cancel milk and any other regular deliveries and use timers on lights if you have them.

Garages and sheds are attractive to criminals as they are easier to break in to and often contain valuable items such as tools or golf clubs. Locking these is another important step to minimising the risk of a theft.

You should also take particular care of items such as laptops and MP3 players or ipods if you have personal possessions cover. We will not cover the theft of such items if they have been left unattended outside of your home.

Making a claim

When you think you need to make a claim please call our claims team who will immediately take action to help you. To make the claims process as quick as possible please have your **policy** number to hand.

Please select the most appropriate phone number shown on page 2. This will ensure that you are helped quickly and efficiently.

When you phone we will:

- take details of the loss or damage
- instruct an approved supplier or loss adjuster to contact you if necessary
- where necessary arrange for someone to contact you by phone as soon as possible to discuss your claim.

What you should do in an emergency

- Take any necessary steps to prevent further damage to the property such as switching off the gas, electricity and water supply.
- Phone our 365 days a year 24 hour domestic helpline. By phoning this helpline you will be given the choice of using a vetted tradesperson who could be appointed to undertake any emergency repairs or you use your own contractor. You will have to pay for any call out charges, parts and cost of labour.
- Call our claims team who can discuss the claim with you and give you some practical advice. Please look at the phone numbers on page 2 and choose the most appropriate.
- You must not dispose of any damaged items or conduct permanent repairs because we, an approved supplier or loss adjuster may need to inspect the damage.

Our promise

- You will speak to a knowledgeable and trained member of staff who can discuss the claim and explain the next steps.
- We will call you back when promised.
- We will provide you with regular updates on your claim.

How we settle claims

We may repair, reinstate or replace the damaged property. If we cannot replace or repair the property we may pay you for the loss or damage in cash or cash alternative (including vouchers and/or store cards).

Where we can offer repair or replacement through a preferred supplier, but we agree to pay you a cash or cash alternative settlement, then payment will not exceed the amount we would have paid the preferred supplier.

If no equivalent replacement is available then we will pay you the full replacement cost of the item with no discount applied.

The sums insured that apply to your **policy** will not be reduced by any claim.

We may appoint an approved supplier to act on our behalf to validate your claim. They are authorised to arrange a quotation, a repair or a replacement.

Any permanent repairs made by our approved suppliers are guaranteed.

Contents and Business equipment

We will settle claims for loss or damage to items which are beyond economic repair on the basis of cost as 'new', subject to the **excess** as long as:

- the **contents** have been maintained in good repair
- the **contents** limit shown in your **policy** schedule is sufficient to cover the full value of the property.

For **contents** the full value means the current cost to replace all your **contents** as new.

Buildings

We will settle claims for loss or damage to the **buildings** without deduction, subject to the **excess** as long as:

- the **buildings** have been maintained in good repair
- the **buildings** limit shown in your **policy** schedule is sufficient to cover the full value of the **buildings**.

For **buildings** full value means the cost of rebuilding if the **buildings** were completely destroyed. This is not necessarily the market value.

If it is not possible to repair or rebuild the damage to the **buildings**, or it is uneconomical to do so, we will at our option pay the difference between the value of selling your property on the open market immediately before the damage and its value after the damage. If it is possible to repair the building but you ask us to settle the claim using cash or cash alternative, and we agree to do so, we will pay for the decrease in market value of your **buildings** due to the damage but not more than it would have cost us to repair the damage to your **buildings**.

Matching sets, suites and carpets

We treat any individual items of a matching set or suite of furniture, sanitary ware or other bathroom fittings as a single item. We will pay you for individual damaged items but not for undamaged companion pieces.

How we settle claims

If the individual damaged items cannot be repaired or a replacement found we will also pay up to 50% towards the undamaged part of the set or suite of furniture, sanitary ware or bathroom fittings.

If a floor covering is damaged beyond repair we will only pay to have the damaged floor covering replaced. We will not pay for undamaged floor covering in adjoining rooms.

We will always talk to you about what damage you have as well as look at the weather conditions in the area.

Where we obtain local weather reports, we will take into account the distance of any weather stations from your **home** before making a decision.

In order to help assess your claim, we will also send a claims expert to your **home** if necessary.

Storm damage claims

The definition of what we mean by **storm** can be found in the 'Meanings of defined terms' section on pages 10 to 13.

When we assess your claim, we will not rely solely on the definition of **storm** as this is just one factor we consider when you have this kind of damage to your **home**.

Other factors we consider are as follows:

- Does the evidence show that **storm** conditions occurred on or around the date the damage is said to have happened.
- Is the damage claimed for consistent with the damage caused by **storm** damage.
- Were **storm** conditions the main cause of the damage or were other factors involved. For example, we look if the damage would have occurred without the **storm**. This insurance **policy** is not designed to cover you for any gradual deterioration, wear and tear or loss or damage resulting from inadequate maintenance. Please see the general exclusions and conditions section of this **policy** for more information.
